SUBJECT INDEX

- Acquired immunodeficiency syndrome (AIDS)
 fungal infections associated with, 411
 squamous cell cervical lesions in women with, 294
- Acute oncology unit, psychological support at night on, 379
- Aging
 adapting to changes of, 494
 nursing care guidance in, 125
- Allogeneic transplantation, bone marrow, 403
- Alternative medicine
 perceptions of causes and treatment of cancer, 470
 spiritual care in, 479
- Analgesics, concerns about using, 200
- Antifungal agents, 411
- Antineoplastic drugs
 safe handling of, 501
 sensory perception in patients on, 45
- Apheresis, 141
- Art program, on bone marrow transplant unit, 185
- Artist-healer, 185
- Assessment methods
 for cancer therapy-related symptoms, 37
 nausea and, 488
- Attitudes
 toward mammography use, 223
 toward pain and analgesic use, 200
 toward spiritual care, 479
 toward voluntary active euthanasia, 348
- Autologous transplantation, bone marrow, 403
- Barriers Questionnaire, 200
- Behavior, attitudes toward mammography and, 223
- Behavioral medicine, for breast cancer, 418
- Beliefs, toward spiritual care, 479
- Bereavement, nurse, 318
- Biochemical risk factors, for squamous cell cervical lesions, 294
- Bone marrow transplant patient
 neurological complications in, 27
 stomatitis in, 403
- Bone marrow transplant unit, art program on, 185
- Bone marrow transplantation
 assessing symptoms related to, 37
 types of, 403
- Brachytherapy, 355
 education and nursing care for, 434
- Brain tumor, strategies for uncertainty with, 137
- Breast cancer
 hair loss in women treated for, 334
 inhibited pain expression in patients with, 193
 lymphedema associated with therapy for, 229
 nutritional risk factors and, 326
 psychological and psychosocial aspects of, 418
 tamoxifen and (erratum), 77
- Cancer care, nurses handling of, 385
- Cancer nursing educational experiences, international directory of, 259
- Cancer therapy-related symptoms, assessment of, 37
- Central nervous system complications, in bone marrow transplant, 27
- Cervix
 perception of illness and use of health care giver in cancer of, 395
 squamous cell lesions in, 294
- Chemotherapy
 fatigue with, 367
 high-dose, in stem cell transplantation, 141
 sensory perception in patients on, 45
- Children, terminally ill, reactions of Chinese parents to, 72
- Chinese parents, reactions to terminally ill child with cancer, 72
- Cisplatin
 current uses and administration guidelines for, 173
 nursing assessment and managing side effects of, 283
- Claustrophobia, magnetic resonance imaging and, 512
- Clinical practice, malignant melanoma in, 457
- Clinical trials, nurse involvement in, 429
- Cognitive-behavioral strategies, effects on pain, 207
- Colorectal cancer, in older adults, 494
- Comorbidity, in older cancer patient taking radiotherapy, 113
- Complications, neurological, in bone marrow transplant patient, 27
- Continuous wet saline dressing, evaluation of, 149
- Coping strategies
 of long-term cancer survivors, 94
 for MRI, 512
 for pain in cancer patient, 207
- Counseling, quality of life and, 101
- Courage, with cancer recurrence, 342
- Creativity, in nursing, 185
- Dermatology nurses, knowledge of malignant melanoma, 457
- Detection, in older adults, 494
- Developing countries, use of health care givers by cervical cancer patients in, 395
- District nurses, in demanding care situations, 385
- Dressings, evaluation for ulcerating metastatic skin lesions, 149
- Early detection, of malignant melanoma, 457
- Education, of brachytherapy patients, 434
- Educational opportunities, 78, 170, 257, 365, 446, 528
- Elderly
 comorbidity, nutritional intake, social support, weight, and functional status of with radiotherapy, 113
 realities to guide novel and necessary nursing care for, 125
 secondary cancer prevention in, 215
 teaching by adapting for aging changes, 494
- Emergencies, radiation therapy for, 516
- EORTC survey results, 429
- Erratum, tamoxifen and breast cancer, 77
- Ethnicity
 breast cancer risk factors and, 326
 meaning of touch and, 464
- Ethnographic study, of meaning of touch, 464
- Euthanasia, voluntary active, nurses' attitudes toward, 348
- Family
 of brain tumor patient, strategies for, 137
 cancer experience of, literature review on, 1
 counseling and quality of life for, 101
 spiritual relationship with nurse, 18
- Fatigue, prevalence and correlates of with chemotherapy and radiotherapy, 367
- Fecal occult blood screening, in older adults, 494
- Functional status
 change with chemotherapy and radiotherapy, 367
 in older cancer patient taking radiotherapy, 113
 of women with lung cancer, 87

- Fungal infections, associated with malignancies, treatments, and AIDS, 411
- Gene therapy, 447
- Genital human papillomavirus, risk factors, severity and treatment of, 308
- Geriatric oncology. *See also* Elderly realities to guide novel and necessary nursing care in, 125
- Gerontology, adapting to aging changes and, 494
- Grief, nurse, 318
- Hair loss, social and cultural dimensions of in breast cancer patients, 334
- Health beliefs
toward spiritual care, 479
use of health care givers and, 395
use of mammography and, 223
- Health care givers, use of among cervical cancer patients, 395
- Health education, about aging changes, 494
- Health perceptions
of causes and treatment of cancer, 470
in elderly, 215
- Holistic medicine, perceptions of causes and treatment in, 470
- Hospice patients, quality of life on admission and at week 3, 52
- Hospital nurses, in demanding care situations, 385
- Hospitalized smokers, cessation interventions for, 81
- Human immunodeficiency virus (HIV), squamous cell cervical lesions in women with, 294
- Human papillomavirus (HPV), risk factors, severity, and treatment of in women, 308
- Illness, perception of, 395
- Immunosuppression, fungal infections and, 411
- Infections, fungal, associated with malignancies, treatments, and AIDS, 411
- Journal writing, on bone marrow transplant unit, 185
- Literature review, of family's cancer journey, 1
- Long-term survivors, coping strategies of, 94
- Lung cancer, functional status of women with, 87
- Lymphedema, nursing management of patients with, 229
- Magnetic resonance imaging, patient preparation for, 512
- Malignancy, fungal infections associated with, 411
- Mammography, attitudes, practices, and role of nurse in, 223
- Melanoma, malignant, knowledge of and clinical practice, 457
- Mesalt dressings, evaluation of, 149
- Metastasis
pain management with, 207
ulcerating skin, evaluation of dressings for, 149
- Mood disturbance, with chemotherapy and radiotherapy, 367
- Nausea, importance of, 488
- Neurological complications, occurrence pattern and clinical presentation in bone marrow transplant patient, 27
- Nigeria, cancer patients and traditional medicine in, 470
- Night, psychological support at, 379
- Nurse
attitudes toward legalization of voluntary active euthanasia, 348
attitudes toward spiritual care, 479
grief of, 318
role in mammography screening, 223
Nurse-family spiritual relationship, 18
Nurse practitioners, knowledge of malignant melanoma, 457
- Nurse role, in gene therapy, 447
